I just close my eyes.....

Set me free to laugh
Set me free to laugh

A Bm G A Bm G
Silence runs through me, whispers all I can say,
Hiding from conversation, I want to scream these tears away
Lost behind my shadow, confusion takes control,

My imagination traps me, set me free to live again.

A Bm G A Bm G
Blinded by my emotions, intentions all appear cruel,
Chaos burns through my eyes, I need to run and hide alone,
Bustle splits my head, words hot needles in my ears,
A Bm G F C A
Running for my solitude, with the silence from my soul I cry
